### CONFERENCE IN 2ND SESSION

French Circles Believe Nazis May Occupy Eger Saturday, Expand Influence Gradually

By WEBB MILLER

United Press Staff Correspondent MUNICH. (Copyright 1938 by United Press)—Fuehrer Adolf Hitler opened the "war or peace" conference of Europe's four chief statesmen today with the declaration that Saturday is the inflexible deadline for the entry of German troops into Czechoslovakia.

The conference is ready, informed French circles believed, to make German occupation of the Eger district on Saturday the price of peace. The French favor having the troops in peace time instead of war time kit.

German circles also suggested that much of the sting would be taken from the occupation for the Czechs if the troops march in forage caps and light equipment instead of steel helmets and war equipment.

The representatives of Britain, France, Germany and Italy met in Munich's Fuehrer House and plunged without the waste of a moment into their efforts to solve the Czechoslovak minority crisis without war.

Informed German sources confirmed earlier suggestions that a "token" withdrawal of Czechoslovak troops from

## 43 Tables For Whist Aids Church Fund

On behalf of the Church of Our Saviour, which is currently conducting a restoration program for the church building, the Rev. Rex A. Barron on Thursday expressed appreciation for the support given the whist party held Wednesday evening under the auspices of the church Guild for the benefit of the restoration fund.

The Rev. Barron reports there were 43 tables for whist in addition to a number who purchased score cards and did not play.

A large and varied array of premiums rewarded the accomplished players of the evening and at the conclusion of the distribution, refreshments were served. The party was held at the I. O. O. F. hall, which was taxed by the large number of players attending.

## Eagles' Anniversary Dance October 29

The anniversary dance of Placerville Aerie No. 889, F. O. E., will be held on Saturday night, October 29, with a Halloween motif. Preparations for the event are in the care of a committee of which William Steffens, who was appointed at the meeting of the aerie on Monday night, is chairman.

## WARRANT PLAN FAULT BARED

"Not Worth Ten Cents On Dollar For Ordinary Use," Avers Senate Candidate

RED BLUFF, (UP)—Philip Bancroft, Republican nominee for the U. S. Senate, said in a campaign speech today that "rich people and corporations with big tax bills" and not the poor, stand a chance of profiting from the 30-warrant-every Thursday pension plan.

Under this fantastic plan people will receive not 30 dollars but 30 warrants. Bancroft said, "For ordinary usage the warrants won't be worth more than five or ten cents on the dollar."

"The act provides, however, that the state must accept these warrants at face value in payment of taxes. It is obvious that the wealthy people and the big corporations with great tax bills will buy the warrants at five or ten cents on the dollar and meet their tax bills that way."

"They are the ones, not the poor and the old people, who will benefit even if only temporarily by the act."

## MISS RUTH KNACKE TO BECOME BRIDE OF GEO. W. MCKEE

Announcement of the coming marriage of Miss Ruth Knacke, daughter of Mr. and Mrs. Frank Knacke, and George W. McKee, son of Mr. and Mrs. Joseph McKee, was made Wednesday afternoon at a bridge luncheon complimenting the bride-elect, given by Miss Barbara McKee at the home of her parents on Spring Street.

Miss Knacke declined to reveal the date for the nuptials, for which the betrothal was announced on place cards at which the guests gathered at the tables.

The bride-elect has been active among the younger women in the business and social field in the county and resigned some months ago as manager of the Empire Theater in which, until a recent change she had been a co-partner.

Her prospective husband is an El Dorado County boy, a graduate of the county high school. Mr. McKee also attended Stanford University and prior to returning to Placerville to join his father in the operation of the Placerville Hardware Company, traveled at some length as the featured soloist with a dance orchestra.

Guests included Mrs. Frank Knacke, Mrs. Woodward Fox, Mrs. Robert E. Roberts, Miss Joycelyn Douglas, Mrs. Maurice Doyle, of Dixon, Mrs. Gerald Rasmussen, Mrs. Roland Gust, Mrs. John Raffetto, Mrs. Lloyd Raffetto, Mrs. Roland Healy, Mrs. Addie Merrill, Mrs. Alexander Murray, Miss Florence Reckers, Mrs. Virginia Gregg, Mrs. Arnold Weber, Mrs. Lester McKenzie, Mrs. Mervyn Sumner, Mrs. James Dadds, Mrs. E. Ogden Hook, Mrs. Dudley James, Mrs. Richard Patterson and Mrs. J. F. McKee.

## Parishioners Picket To Keep Priest

VULCAN, Mich. (UP)—One hundred and fifty pickets milled about the rectory of the St. Barbara's Catholic church today, determined to resist any new attempt to liberate the Rev. Simon Borkowski, whom they have held a prisoner for nearly seven weeks.

The pickets are his parishioners. Two months ago his superiors ordered him to transfer to the Salvation seminary at St. Nazianz, Wis., but the parishioners were determined to keep him. When he attempted to leave Aug. 14, they established a 24 hour picket line and told him he would never get away.

## Dewey Nominated To Be N. Y. Governor

SARATOGA SPRINGS, N. Y., (UP)—Thomas E. Dewey, 36 year old "racket busting" district attorney of New York County, was nominated today as the Republican candidate for governor of New York.

Mr. and Mrs. Menio Ferrari were visitors Wednesday at Sacramento.

OLDEST NATIVE twin sisters in California is the distinction believed due these two, "the Danforth girls," now Mrs. Helena Hackett (left), of Hanford, and Mrs. Henrietta Casmore (right), of Bowman, who were born in Placerville, September 28, 1854. They visited their old home town on Wednesday of this week.

## TAHOE WATER STUDY BEGUN

Army Engineers Hold Hearing At Reno Wednesday Seeking Control Of Flood Run-Off

A conference of far-reaching importance to resort and summer home owners at Lake Tahoe, and to all parties to the Lake Tahoe run-off, was held at Reno on Wednesday under the supervision of the Army Engineers, Co. Chambers presidium.

The meeting was attended by Forest Supervisor Edwin F. Smith, representing Eldorado Forest, and District Attorney Henry S. Lyon and Engineer Don M. Hoffman, representing El Dorado County. Other parties to the conference represented Placer County and all of the other users of Lake Tahoe water for recreational, agricultural and power purposes.

The purpose of the conference was to launch a study of the drainage of the Lake Tahoe basin, having in mind the desirability of making some provision for the control of the Tahoe run-off in the interests of preventing a recurrence of flood damage to lake shore property, at the same time keeping in mind the agricultural and power commitments involved.

It was pointed out that under conditions existing this Spring, with the lake at an exceptionally high level, it was impossible to lower the lake by opening the gates for to do such would have added to the problems of Reno, on the lower Truckee, which all ready had a flood situation.

The result was flood damage to some lake shore properties.

It was indicated that one of the possibilities being considered in the study for a solution of the problem is that of building one or more reservoirs on the Truckee River, which may be used to store water from the Tahoe basin in years of excessive run-off.

## STORK SHOWER GIVEN WEDNESDAY FOR DOROTHY SAYERS

Mrs. Naomi Irving and Mrs. Ethel Robinson were co-hostesses on Wednesday evening at a stork shower at the latter's home, complimenting Mrs. Dorothy Sayers.

Guests included Mrs. Don Robinson, Dorothy Veerkamp, Virginia Nicks, Evelyn Hicks, Merle Beach, Marie Bildeau, Ollie Irwin, Louisiana Schnell, Laura Ball, Mrs. Elizabeth Sayers, Mrs. Virgil Simpson, Mabel Hurley, Mabel Calvin, Onella Jackson, Muriel Brown, Margaret Middendorff, Florence Sweeney, Thelma Pierson, Alma Dellis, Alice Howe, Lela Vaught, Betty Waldron, Mrs. Carlson, Dr. Jean Babcock, Hazel Davey, Florence Griggs, Ruth Thomas, Jean Meyers, Edna Clark and Florence Cole.

## TWINS, 84. GET SPANKING

Pair Born In County, Believed Eldest In State, Visit Old Home Town On Wednesday

The good old-fashioned way of celebrating a birthday is still in favor and two natives of Placerville, believed the oldest twin sisters in the state, received a spanking Wednesday when they visited "Old Hangtown" on Wednesday, their eighty-fourth birthday anniversary, as a part of a birthday celebration which began with a family dinner on Sunday at Bowman, Placer County. At the dinner, there were four generations of descendants of each of the two, and a total of 51 people including friends of the family.

The ladies are "the Danforth girls," now Henrietta Casmore, of Bowman and Mrs. Helena Hackett, of Hanford.

They were born in "Hangtown" in 1854 and moved from Placerville at an early age when their father sold his store business.

They didn't remember a great deal about Placerville or about Old Hangtown, but they enjoyed being here for the day and were especially proud of a birthday greeting card they had received from the Native Sons of the Golden West.

Their parents came to California by covered wagon.

The oldest living twin sisters in California admit they quarrel a little bit about their ages, and in doing so have

## Miner's Death Accidental

Last Rites For Man Killed At Big Canyon On Tuesday Held Thursday Afternoon

Wilbur Truscott, of Placerville, killed Tuesday at the Big Canyon mine when he was hit by a skip, came to his death as the result of "a fractured skull caused by being hit with the skip while in the course of employment by the Big Canyon mine" and the death was found to be an accident, by a coroner's jury which met Wednesday night at the courthouse.

The funeral services for Mr. Truscott, who is survived by his wife and by a daughter, Mrs. Dorothy Gardner, who lives at Marysville, were held on Thursday afternoon at 2 o'clock from the Dillinger chapel. Rev. Rex A. Barron was in charge. Interment was at Union Cemetery.

The coroner's jury met under the guidance of Coroner A. J. Orelli and heard the statements of Superintendent J. M. Basham and other officials of the mine, none of whom was able to account for Truscott's having been in the path of the skip.

He had been known as a careful workman, they said, and was never known to display any recklessness about his work.

On the jury were Paul F. Taylor, foreman; Charles Bloom, John Thorp, Thomas Smith, Jules Besse, Ernest G. Mosby, Ellsworth Willard, E. J. Willard, R. B. Ramsey, Ernest Hanley, Adam Marchini and E. V. Vennewitz.

## Storm Hits East Coast

### 25 KILLED IN SO. CAROLINA

Torrential Rains Follow Blast As Officials Predict Mounting Death Toll

CHARLESTON, S. C., (UP)—A tornado ripped across Charleston today, taking a heavy toll of dead and injured and causing incalculable property damage.

Digging into debris in torrential rains which followed the tornado, authorities predicted the death toll would be heavy.

At least 25 were known dead and more than 100 injured.

The twister struck along the waterfront mowing down frame structures and unroofing many buildings. It was reported that the mill of the Charleston Paper and Pulp Company was wrecked and an unknown number of employees had been trapped in the debris.

Firemen used acetylene torches to

## EL DORADO LAD PROUD OF SUCCESS AS DEER HUNTER

When Walter I. Bidstrup, of near El Dorado, goes deer hunting, he gets a "jack rabbit," according to Walter, Jr., aged 12.

Walter, Jr., however, is mighty proud of his own success as a deer hunter for this week he went out and got a four-pointer.

Because the four-pointer is so much larger than the buck his father shot, young Walter refers to his father's buck as "a jack rabbit." In other words, the Logtown cattle man is being ribbed a little bit.

## Jane Sumner Has Party On 2nd Birthday

Mrs. Mervyn Sumner was hostess on Monday afternoon to nine little friends of her daughter, Jane, with their mothers, who called during the afternoon to felicitate Jane upon arriving at her second birthday.

### BANCROFT NAMES MARTIN AS NORTH STATE CAMPAIGN HEAD

Irving Martin, California progressive leader and publisher of the Stockton Record, today accepted appointment as Northern California chairman of the Philip Bancroft campaign for United States Senator.

As secretary of the Lincoln-Roosevelt League which led to the election of Hiram Johnson as Governor, as well as during the ensuing years, Martin has had a distinguished record of independent, progressive leadership. He served on the State Water Commission.

### BOY LIKES REAL TRUCKING

GLOUCESTER, Mass. (AP)—Russell Howard, captain of Gloucester high school's football team, has a yen for trucking—not the dance. While his classmates express conventional desires to occupy high places in business and professional fields, Howard says his ambition is to be a truck driver. He wants to become an expert driver-mechanic on one of the transcontinental highway dreadnaughts.

State Railroad Commission; State Board of Control; 1927 State Tax Commission and the Commission to Revise the California constitution.

Predicting the election November 8 of Bancroft, Walnut Creek farmer, and defeat of Sheridan Downey, advocate of the fanciful "30 Every Thursday" scheme, Martin said:

"The state will have in the Senate of the United States in Philip Bancroft another Californian to faithfully represent its interests and welfare in company with the senior Senator from California, Hiram W. Johnson."

## PARADE OF SPORTS

By HENRY McEMORE  
(United Press Staff Writer)

NEW YORK. (AP)—Baseball is a very simple game, played for the most part by simple folk, and Joe McCarthy is the game's best manager because he respects these truths and handles his New York Yankees accordingly.

This is the opinion of Sammy Byrd, the Alabama cracker who saw six years of service with the Yanks before swapping his spikes for cleats and his bat for a brassie. Sammy's a golf pro now, but even in the midst of his fight for a chunk of the \$13,500 prize money in the 108-hole Westchester open it wasn't any trouble to get him talking baseball.

"You know, in all the time I was with the Yankees I didn't hear five cents worth of master-minding talk. On the Yankees all they want to know is—can you hit that ball? Can you throw it? And can you run? Those three things are all there is to baseball, and if you can do them the so-called inside stuff doesn't make any difference. The National League managers try to be so smart—they all still are trying to be John McGraws in one way or another—that they ruin a lot of good ball players."

"I know what I'm talking about, because after I left the Yanks I had two years under Charley Dressen at Cincinnati. That Dressen was so smart he figured himself right back into the minor leagues. Your average baseball player isn't a mental genius, you know. You can't give him too many things to think about. If a player has a natural ability the best thing to do is to reduce his worries as much as possible, and just let him play the game the way he knows how."

Sammy took time out to stuff his golf clothes into a duffel bag, and then continued:

"Strategy and tactics and deep stuff play minor parts with the Yankees. No one worries much trying to make a left fielder hit somewhere else, or stuff like that. The usual order is 'get up there, Butch, and take a cut at that ball.'"

"As a result the Yanks get more extra base hits and knock in more runs than any other team. Take the team this year: It isn't a powerhouse club, but it breezed to a pennant and will knock the National off in the series in about five games."

Sammy figures it will be two more

## FAKE HEAD-HUNTER SCALPS SOLD TOURISTS IN ECUADOR

PHILADELPHIA. (AP)—Many of the shriveled human heads sold to scientists and tourists as the victims of the head-hunting Jivaro Indians of Ecuador are fakes, according to Dr. H. B. Wright, Philadelphia explorer and dentist.

Racketeers obtain the heads of persons who died natural deaths and palm them off as the genuine article, according to Dr. Wright, who returned recently from his sixth expedition to South America.

The explorer cited a Guayaquil man who obtained heads from relatives of dead persons by paying the cost of burial.

### Life Of Woman Saved By Deadly Fever

TULSA, Okla. (AP)—Typhoid fever, once considered a hopelessly deadly disease, was credited with saving the life of Mrs. Viola Belle Zoller who has celebrated her 80th birthday.

She was an Illinois farm girl at the time of the Civil War. She contracted the fever shortly afterward and was believed to be on her "deathbed" when a party of guerrilla bushwhackers swarmed out of the woods and onto the farm.

The raiders came to rob and kill, but they stayed to help with nursing the weakened girl. She recovered.

### CURL PRICE AT 25 CENTS

REGINA, Sask. (AP)—Even the price of a curl interests the Saskatchewan government. The price schedules of various businesses, satisfactory to both employer and employee, are drawn up under the Industrial Standards Act. In a recent schedule for the beauty parlor business, the price of a curl was set at 25 cents.

years before he gets to the top as a professional golfer.

"I'm hitting the ball pretty well right now, but there are a thousand little refinements in this golf that a fellow can't get over night," he said. "I know a lot of people think I'm a flop as a golfer, but I'll show 'em. I decided to quit baseball when I found myself going down hill. I figured I might just as well get out of a sport that I was losing ground in, and get in one where I could move forward. I'm not breaking even now, but I salted away a little of that money I made in baseball, and before it's used up I'll be winning my share of those tournaments."

difficulty in explaining that they are twins, for one claims to be fifteen minutes older than the other.

Active, almost spry, one might say, they are "eighty-four years young" except for being a little bit hard of hearing.

They were accompanied to Placerville by Mrs. Casmore's daughter, Mrs. Cecil Curtis, of Bowman, at whose home the birthday party was held Sunday; and by Mrs. Hackett's daughter and her husband, Mr. and Mrs. Roy Payne, of Hanford, with whom Mrs. Hackett makes her home.

Other children of Mrs. Casmore are Mrs. John Pearson, Mrs. Frank Minetti, of Reno, Mrs. Gordon Kessler, of North San Juan, and Norman Casmore, of Monterey.

**CONCERN OF EUROPE** — With partitioning of Czechoslovakia, European militarists are concerned with disposition of the Skoda munitions works in Pilsen, air view of which is shown above. Second largest arms plant in Europe, it has been regarded by Chancellor Adolf Hitler as a rich prize. It has branches in other parts of the country, and in Yugoslavia and in Poland, but is French-controlled.

the Eger district, might satisfy Germans of the Sudeten region, as a symbolic triumph for Germany.

Hitler, it was believed, would be content with Czech evacuation of the Eger district at the northwestern tip of Czechoslovakia, bordering the Reich.

German troops would immediately filter in and gradually expand the sphere of their occupation in ensuing days as the Czechs withdraw farther. Hitler, Neville Chamberlain, Britain's Prime Minister; Benito Mussolini, Il Duce of Italy, and Premier Edouard Daladier of France attended the opening session.

It lasted a little less than two hours. The second session began at 4:30 p. m. after a recess of an hour and a half.

The haste of the conferees seemed to indicate they were trying to finish to-night because of the war tension in Europe.

### FRENCH-BRITISH PLAN

PARIS, (U.P.)—Official dispatches from Munich today indicated that France and Great Britain were agreed on a common program involving abandonment of Adolf Hitler's Saturday war deadline at the four power conference.

The program was said to involve:

1. Suppression of the Oct. 1 deadline fixed by Hitler for Czech acceptance of his demand for surrender of the Sudetenland.

2. Substitution of a system of progressive withdrawal of Czech forces from the area and occupation by Germany.

3. Formation of an international force of British, French and Italian troops to form a "neutral curtain" between Czechs and Germans during the settlement.

4. Inclusion of Czech representatives in the negotiations as soon as possible.

### SUMMARY

## TRAPPED KITTEN SAVED BY ANESTHESIA AND LASSO

BROOKLINE, Mass., (U.P.)—Mickey, a six-month-old kitten, is listed on police records as dead, but the death seems to be just one of the cat's traditional nine lives.

When Mickey became caught in a 2-inch opening between two walls, police and firemen abandoned rescue efforts after four hours. But Al Morris, who lists himself as "official cat treacherer" of the Animal Rescue League kept trying.

"I tried everything I could think of," he said. "Finally I administered just enough chloroform to put the cat to sleep. Then I hooked her paw with a rope noose and drew her out."

"In 15 years of this type of work, this was the hardest job I ever had," Mickey was returned to his mistress, Marita Oldroyd, 12. The girl's widowed mother, Mrs. Kathleen Oldroyd, who has four other children to feed, said she would welcome Mickey back because "it was in the cards."

## "LORD JEFF" FEATURES FREDDIE BARTHOLOMEW ON EMPIRE SCREEN

Thrills, heart throbs, boyish loyalties and regeneration are the dramatic elements in "Lord Jeff," which teams Freddie Bartholomew and Mickey Rooney Thursday and Friday at the Empire Theatre. The new picture definitely marks an advance in the careers of these boys who enact touching roles as juvenile seamen who face the difficulties of maturity with courage.

Deft human touches mingle with the thrills and mast climbing, boat racing and other maritime pursuits of the sailors of tomorrow in the story, expertly directed by Sam Wood who directed "Navy Blue and Gold."

Several hundred boys appear in sets authentically reproducing the famous British school, founded by Lord Jellicoe. A swank London hotel is shown and several other well known spots.
